

BRENLO

CUSTOM WOOD MOULDINGS & DOORS

Time For A New Exterior Door ...

We create our custom solid wood exterior doors using only the highest quality material.

Bring us a picture, a
sketch or an idea
&
our team will
provide you with a
scaled drawing to go
along with your
quote.

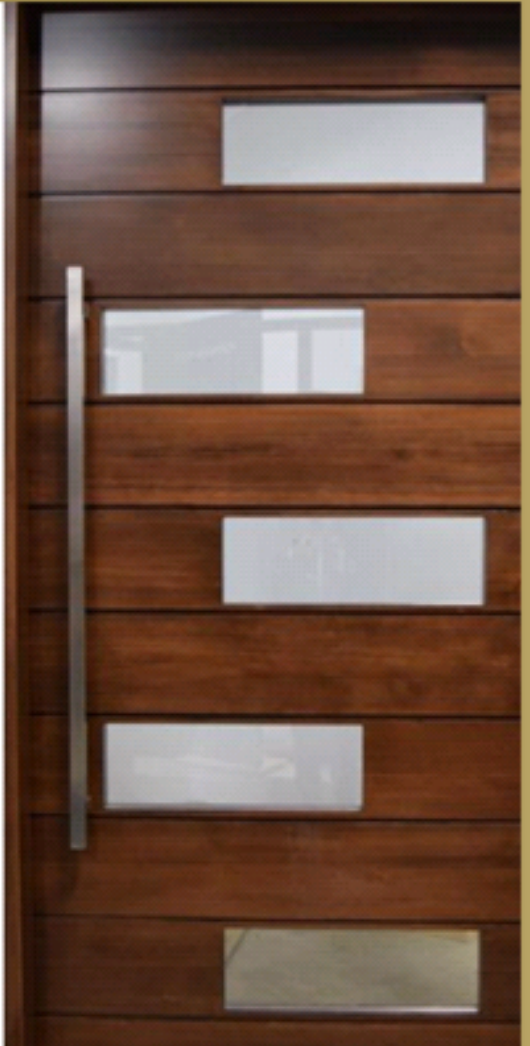

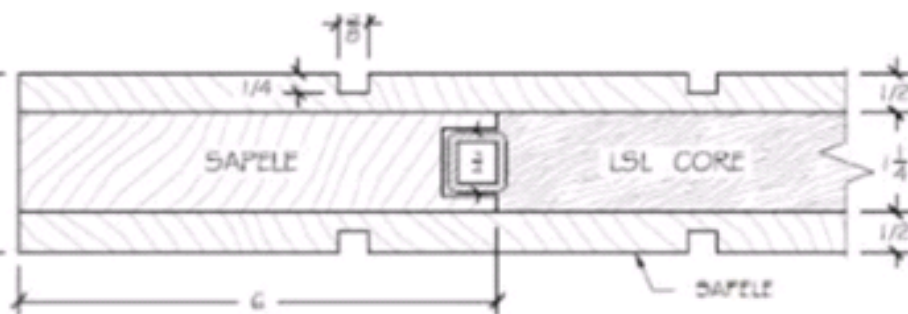

We offer two types of construction depending on your design!

*"Design is a journey of
discovery."*

The Modern Method Manufacturing allows us to construct any modern style requirements.

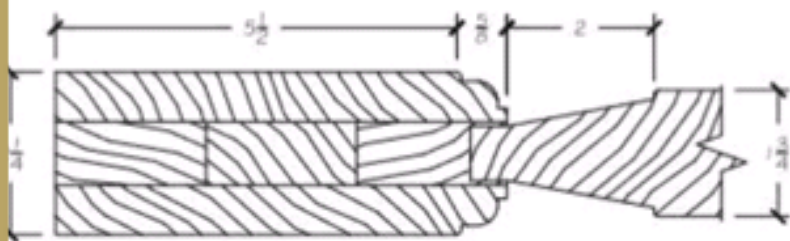

By using a $\frac{3}{4}$ " tubular steel gage inserted into the core combined with lumber strain core.

"Make space for what matters."

The Traditional Method of Manufacturing allows us to create a simple single entry door to a more complex design with sidelights and transom.

By using dowel construction with laminated cold pressed solid wood core for stability and an engineered stile & rail.

Step into our showroom to be inspired & choose your stain colour!

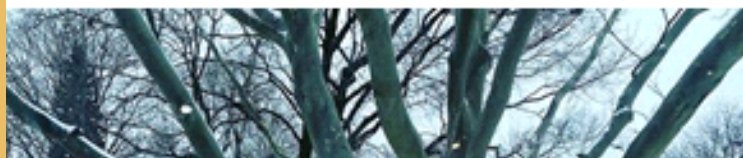

"Sustainable use of natural treasures."

COMING SOON!!!

We will be contacting you via text message for
pickups & deliveries!

Be sure to provide your cellphone number when you place your next order with
us.

SMS CONFIRMATION FOR DELIVERY

OR [click here](#) for NO
Your order will only be loaded if we hear back
from you within 24 hours.
