Light Woods

Light woods have become increasingly more popular, which speaks to the need to have natural elements in a space. Wood being a natural material will only increase in popularity, being highly sought after as a more sustainable option.

Light stains or clear coats will be used more frequently over painted wood and dark stains.

Arts & Crafts Design Details

The new Arts and Crafts trend embraces the iconic 19th century movement. It combines natural, rustic elements mixed with touches of glamour to create a luxe classic style.

Rounded Archways

Square and curved archways have been a common element in traditional architecture. Thanks to architects & designers the curved archway is now seeing a major revival. This appears to be a way to add more organic looking shapes inside our spaces

Arches appear as a new way to add curves and more organic shapes inside our homes.

Wall Paneling

Paneled walls that are modern and chic will become much more popular in homes this year.

In addition, at the peak of popularity are a variety of wall panels from precious woods. Wood wall paneling whether it is stained or painted brings Biophillic design into the space allowing a closeness to nature.

INTERNATIONAL

Women's Day

#STRONGERTOGETHER

On March 8th we celebrate International Women's Day. We are a proud equal opportunity employer that ensures every woman has the opportunity to grow within our organization.

"Here's to strong women, may we know them, may we be them, may we raise them."

Meet our Director of Finance.

Sally has been with Brenlo since 2007 after graduating with her CPA.

Not only is she our youngest Director but also the first female in this role. Overseeing the accounting team, IT infrastructure and ensuring Brenlo is in compliance with government regulations keeps her very busy!

She works closely with her accounting team to look for new ways to improve our client experiences. We are so lucky to have such strong female leadership.

Fun Fact: She's a huge fan of 'The Sound of Music' and did the sound of music tour in Salzburg Austria
